

# WMOTA Guest Release of Liability 117-1

I certify and stipulate that I recognize that riding an ATV/UTV is a hazardous activity that can result in serious personal injury or death. I accept the risks inherent to riding with a group including, but not limited to: obstacles on and off the roads and trails; rapidly changing weather; limited visibility; variations of slope and steepness that can be encountered on and off the trails; surface or subsurface conditions and hidden obstacles on and off trails; collisions with other ATVs/UTVs or other vehicles including those of other riders, and collisions with devices used by land managers to mark the boundaries of trails or roads.

In consideration of my participation in any activities, events, rides or trail improvement activities, I hereby release and agree to hold harmless, indemnify and forever discharge the White Mountain Open Trails Association, Inc., its officers, directors, ride leaders, assistant ride leaders, committee members, employees and agents from all claims, injuries or liabilities caused by or created by my participation.

I hereby certify that the vehicle I am riding is properly licensed, street-legal, is in good condition, and has a state OHV permit valid in Arizona affixed to its license plate. I also certify that it has medical and liability insurance coverage sufficient to adequately protect myself plus any and all passengers, as well as others I might injure.

I have carefully read this agreement and the release of liability it executes and I fully understand its contents. I am aware that this release of liability is a contract between the White Mountain Open Trails Association, Inc., and myself. I sign it in mutual consideration of the association allowing me to participate in its activities, and do so of my own free will. If I have brought minor children to any association event, and want them to be able to participate as passengers, by signing for them (each listed below by name) I am certifying that I am their parent or legal guardian and that I am binding them to the same release of liability as I bind myself.
